

Progressive Community
Care Center

LMHP POSITION

We are a private Mental Health Rehabilitation Clinic. Our highly qualified staff includes: Psychiatrists, Licensed Clinical Professionals, and non-licensed Master's and Bachelor level counselors.

We offer comprehensive services to children ages 3 and up, adolescents, adults and families who are experiencing any of the following challenges:

- ADHD and other Cognitive/Learning Disorders
- Depressive Disorder and Bipolar Disorder
- Schizophrenia and other Psychotic Disorders
- Conduct Disorders (often including fighting, bullying, legal problems)
- Generalized Anxiety Disorder
- PTSD and Acute Stress Disorder
- Panic Disorders
- Adjunct support can also be provided for: Autism and Substance Abuse Disorders

The Mental Health Rehabilitation (MHR) Program is administered by the Department of Health and Hospitals through a partnership of the Louisiana Medicaid Program, the fiscal intermediary, the Office of Mental Health, and the network of certified and enrolled providers.

MHR services are for adults with serious mental illness and children with emotional/behavioral disorders. The services are outpatient and designed to reduce the disability resulting from mental illness and assist in the recovery and resiliency of the recipient. These services are home and community-based and are provided on an as needed basis to assist recipients in coping with the symptoms of their illness.

The intent of MHR services is to minimize the disabling effects on the individual's capacity for independent living and to prevent or limit the periods of inpatient treatment. Providers offer prior-authorized services to adults with mental illness and youth with an emotional/behavioral disorder who meet medical necessity criteria for services.

Position Summary:

Licensed Mental Health Professional(s) shall provide counseling , clinical assessment, and clinical supervision of community support workers for chronically mentally ill and/or disabled adults, emotionally disturbed children, or adolescents and their families, to improve quality of life and maintain the highest possible ability to function independently within the community.
